

Professional Series

Key Features:

- ▶ 18" long excursion driver for extended low-frequency output
- ▶ Large vent for reducing distortion
- ▶ Low profile and compact design
- ▶ Enclosure constructed of 18 mm plywood with rugged durable painting finish
- ▶ Heavy duty powder-coated 1.5mm steel grille of elegant design for driver protection and sleek professional appearance
- ▶ Suspension points ready for quick flying installation
- ▶ White (-WH) color available upon request

Applications:

- ▶ Sound reinforcement for restaurants, canteens or dining halls, cafés, conference rooms, halls, school rooms, etc.

The CV18S is a compact, high-power subwoofer system containing a JBL long excursion 459 mm (18") woofer in a front-loaded, vented enclosure.

The enclosure is constructed of 18 mm multi-ply high quality plywood and finished in a durable black paint coating. The integrated twelve (12) M10 threaded suspension points allow ultimate flexibility of the subwoofer which means flying installation can be done easy and quick. The front 1.5 mm steel grille provides not only professional appearance but also better protection of the driver and components inside.

Specifications:

System:	
System Type:	18", bass-reflex
Frequency Range (-10 dB) ¹ :	32 Hz – 250 Hz
Frequency Response (±3 dB) ¹ :	40 Hz – 250 Hz
System Sensitivity (1w @ 1m) ¹ :	96 dB
Nominal Impedance:	8 Ω
Maximum SPL (1m) ² :	123 dB continuous average (129 dB peak)
Power Rating ³ :	500 W/1000 W/2000 W
Transducers:	
LF Driver:	1 × 18" woofer
Physical:	
Enclosure:	18 mm plywood
Suspension:	12 × M10 threaded suspension points
Finish:	Textured paint, black. White (-WH) available upon request.
Grille:	Powder coated 1.5mm perforated cold rolled steel
Input Connector:	Dual NL4MP Neutrik Speakon® in parallel for loop-through
Dimensions (H × W × D):	542 mm × 561 mm × 720 mm (21.3 in × 22.0 in × 28.3 in)
Net Weight:	34.4 kg (75.8 lbs)

1 Full space (4π) conditions

2 Calculated maximum SPL based on rated power handling

3 Pink noise, 35 - 350Hz, 18dB/oct cutoff, 6dB crest factor, 2 hours

JBL continually engages in research related to product improvement. Some materials, production methods and design refinements are introduced into existing products without notice as a routine expression of that philosophy. For this reason, any current JBL product may differ in some respect from its published description, but will always equal or exceed the original design specifications unless otherwise stated.
